# Erratum to: B-cell repertoire dynamics after sequential hepatitis B vaccination and evidence for cross-reactive B-cell activation

Jacob D. Galson<sup>1\*</sup>, Johannes Trück<sup>1,2</sup>, Elizabeth A. Clutterbuck<sup>1</sup>, Anna Fowler<sup>3</sup>, Vincenzo Cerundolo<sup>4</sup>, Andrew J. Pollard<sup>1</sup>, Gerton Lunter<sup>3</sup> and Dominic F. Kelly<sup>1</sup>

## Erratum

It has come to our attention that there was an omission in the Acknowledgements section in this article [1]. The Acknowledgements section should read:

The authors are grateful to the study participants, to the doctors and nurses at the Oxford Vaccine Group for assisting with sample collection, and to the National Institute for Health Research Clinical Research Network. The authors thank Craig Waugh for help with cell sorting and the High-Throughput Genomics Group at the Wellcome Trust Centre for Human Genetics (subsidized by Wellcome Trust grant reference 090532/Z/09/Z) for the generation of sequencing data. Purified HBsAg was provided by GlaxoSmithKline Biologicals SA, and conjugated to APC by Miltenyi Biotec.

Submit your next manuscript to BioMed Central and we will help you at every step:

- We accept pre-submission inquiries
- Our selector tool helps you to find the most relevant journal
- We provide round the clock customer support
- Convenient online submission
- Thorough peer review
- Inclusion in PubMed and all major indexing services
- Maximum visibility for your research

Submit your manuscript at
