# Correction to: Differential analysis between somatic mutation and germline variation profiles reveals cancer-related genes

Pawel F. Przytycki<sup>1,2</sup> and Mona Singh<sup>1,2\*</sup>

## Correction

Due to an error introduced during copyediting of this article [1], reference [8] incorrectly reads:

“Noble M, DiCara D, Lin P, Lichtenstein L, Heiman DI, Fennell T, et al. Mutational heterogeneity in cancer and the search for new cancer-associated genes. *Nature*. 2013;499:214–8. <https://doi.org/10.1038/nature12213>.”

The correct reference [8] should instead read:

“Lawrence MS, Stojanov P, Polak P, Kryukov GV, Cibulskis K, Sivachenko A, et al. Mutational heterogeneity in cancer and the search for new cancer-associated genes. *Nature*. 2013;499:214–8. <https://doi.org/10.1038/nature12213>.”
